TOOLS

PROFESSIONAL SUMMARY

Creative and analytical Social Media Manager with a Computer Science background and hands-on experience growing personal brand accounts to millions of organic views across YouTube, Instagram, Snapchat, and Facebook — with zero paid promotion. Combines platform-native content creation, data-driven strategy, and a technical understanding of algorithms to build audiences that actually show up. Experienced in content strategy development, short-form video production, and multi-platform campaign management.

EXPERIENCE

Freelance Social Media Manager & Content Strategist

2023 – Present
Remote · Freelance

Self-Employed — Personal Brand (@spydeereacts)

- Grew Instagram from 2,000 to nearly 9,000 followers with a top reel reaching 2.8M views and 2.0M views in a single 30-day period
- Grew YouTube from 96 to 4,200+ subscribers in under 5 months — individual videos hitting 2.2M and 2M views organically
- Grew Snapchat from 4,000 to 15,500 followers with a top Spotlight video reaching 1.6M views and 2.38M views in the last 28 days alone
- Generated 835,845 Facebook views in 28 days — views up 332%, interactions up 456%, net followers up 355%
- Manages and publishes content across 7 platforms simultaneously using a batching and repurposing workflow
- Creates, edits, and captions all short-form video content using CapCut with multiple videos surpassing 1M+ views
- Develops platform-specific content strategies, posting schedules, and monthly analytics reviews

Social Media Strategist

Chorale Africa

2025
Remote · Freelance

- Built a complete social media strategy from scratch across YouTube, Facebook, and LinkedIn for a professional choral group
- Designed a content repurposing framework converting long-form YouTube videos into Shorts, Reels, and LinkedIn posts — up to 6 pieces of content per video
- Created 5 content pillars, a Tue/Thu/Sat posting calendar, and a full scope-of-services document for senior leadership
- Delivered a professional strategy document reviewed and approved by company directors

- Canva
- CapCut
- Meta Business Suite
- YouTube Studio
- LinkedIn Scheduler
- Google Analytics
- Google Sheets (Content Tracker)

AI & EMERGING TECH

Actively building expertise in GEO (Generative Engine Optimisation) and LLM share of voice — ensuring brands appear in AI-powered search results. Uses Claude, ChatGPT, and CapCut AI features daily for content ideation, caption drafting, and video production efficiency. My Computer Science background enables a technical understanding of platform algorithms, content performance data, and emerging AI-driven marketing strategies that most social media professionals do not have.
